# Welcome

On behalf of DP Sales Management, Kenco Cattle Co and the rest of the Family Matters group we would like to invite you to the 17th annual Family Matters sale. We all know this has been a challenging year to say the least. The Covid virus with all the guidelines, safety measures, and social distancing has been a new normal. We along with the Family Matters group will do our part to aid in any of the guidelines so come and join us at the sale. The group wants to see and hear from customers across the country about their success stories from previous years purchases. We encourage breeders young and old to study and research pedigrees and ask all the breeders involved about their genetics. Each program involved has invested money, hard work, research, time and dedication into each animal offered in the Family Matters sale. The group assembles a stout set of Simmental genetics for your appraisal again this year. This year will all going on the Family Matters group still hold their end by offering their top genetics.

In our involvement over the years with these breeders, we find it a honor to work with each operation and to watch the development of each program and the continuation of years of stacking pedigrees and dealing with some of the breeds best and predictable cow families. As you look through the offering this year, your eye should gravitate to some outstanding individuals as donors, pairs and opens. The pairs have some really exceptional calves at side.

Your family can join us on Saturday, September 19th in Auburn, KY. If you have any questions on anything please check in with Ken, Randy, Steve, or Tyler. They have taken all the necessary steps to continue your success The group provides all preg status and has a strict health program to only assist and make your purchases flourish. Don't hesitate to call and ask them anything about the genetics being offered on Sept. 19th. We will be broadcasting on DV Auctions for those cant make the trip. All the herd health is in order and trucking will be available to go to all parts.

Again, take a moment and study the impressive offering at the 17th annual sale. If we at DP Sales can assist or answer any questions please call Drew, Holli, or I. Be safe and move ahead with your program.

Impressive has always lived up to her name even since birth. This daughter of the champion Sheza Bandit and First Impression was a successful show heifer for Macy Favorite. After winning banners she became one of the top donors at Kenco. 190B is complete in many ways being long necked, well balanced, smooth made with all the completeness and style to catch anyone attention. Not too holes in the donor. Several of her offspring and embryos have sold in past sales. Impressive flush record conventional is 10 average and IVF 20 plus ocytes. 190B will calve app January 6th, 2021. This female utilized with many of the bulls in our industry today. The family has track record and Impressive is only adding to it.

Dakota Black was selected out of the Spring Turnout sale from Hilltop. Over the years, we have tried to purchase several Red Jewel daughters and just always seem to get out bid. When this Secret Weapon female came along we knew it was time to get serious. After arriving in Tennessee we preg checked and decided to recover some oocytes. It went very successful. D665 record is 10 embryos conventional and 20 plus IVF. D665 is super sound with loads of bone and power. This top female has the looks and just puts all things together. I am glad she has worked well for us because a high majority would agree why are you selling this one. At Kenco we always sell top cows and breds, that seems to be our niche. D665 is somewhat one of a kind with limited females and semen out of Secret Weapon. Dakota Black will calve to Execute for a December calf.

**Bred AI to KCC1 Execute 109E, ASA#3323733**

The A407 cow has always been my favorite and has produced some of what I believe have been our best. This Deplorabull heifer is unique, But a lot like her donor dam A407. She's soggy bellied, incredibly sound footed, and smooth from end to end. This cow prospect has a world of future and is the right kind to produced the highly sot-after kind. A great cow family on all sides of the pedigree.

*Bred AI to CDI Innovator, ASA#3152448 on 5/12/20 - Confirmed bred 8/21/20

It's been a real privilege owning a cow like A407. We have mated her a lot of ways, and every time it is worked. Starting with the pair of Grand Fortune bred heifers one top the sell going to Red River for \$11,000 and the other going to our friends at Sloup Simmentals. Then the Built Right flush one went going to Mr Scott Ison for \$7750 and the other going to Clear Water for \$7500. Several bulls from various sires have to went Locally with a lot of good reports. A407 is as easy doing as any we have owned and works very good both in IVF or conventional flushing. The track record of this cow family is as consistent as any in the breed and makes Show cattle, herd bulls and top line brood cows for several all across the US. Guarantee 6 with open top. Open and ready to work.

At Kenco we have several females out of the 770P line and most are donors. The Built Right is some of the most popular out of 770P. Missy is awesome cow that is moderate, complete and is highly maternal. In the Simmental show ring and sale reports you will top results out of this family. This mating with CCF Vision should work well. The pregnancy is due October 10th and the registered recipient cow is a half blood 2014 model cow.

## SWEET DREAMS K205 FAMILY

### Lot 12A

It's not every day you get a chance to buy a 20/20 bred heifer out of the Antoinette family! These 3 full sisters out of 20/20 and Sweet Dreams are the kind to build a herd around. These females have all the bases covered neat fronted, deep bodied and sound are just a few things that make them a stand out. 839F is solid black and 843F and 847F have blazed face. We didn't get a picture of 847F but, we were able to get a video. Be sure and check out the videos on these female's. All three are bred to CDI Innovator.

There is not a cow in recent history that is made an impact like the Alley 247Y cow. Between top sellers, show winners, national champions, and big names donors you could write a long book about her and her progeny and even her progeny's progeny. 355C did her share of winning and making friends out on the road with HPF, but as a donor cow and with what few we have had out of her she is more than making her own name. She's had an Executive Order sale feature in the TN Agribition that was among top sellers for \$5000 in 2019 and most recently she's had 2 top sellers at this year's TN Agribition going to Buddy Ogles and Eggersman, both for north of \$6000. She stamps her calves with the desired front ends, but still having enough to them and very flexible and sound on the move. Take advantage of these genetics and let them work for you in your herd. 355C averages 8-10 through both continental and IVF. Garrantee 6 with open top.

This cow family has been the bread winner since we have been in the business as Kenco. We started out with Glamour and then She's Glamorous. Just look up their cow cards. In the 2012 sale probably the best female we ever raised Kenco Steel Magnolia sold for \$12,600 to Silent Night Farms and another full sister sold at the North American 430W to BF Black Simmentals for \$18,000. She will calve to Execute app. January 30, 2021.

*Bred AI to KCC1 Execute 109E, ASA#3323733*

We used with much success the JMG Voyager which was champion bull at the American Royal. These two full sisters are out of the second high seller at the Buckles and Banners. OBCC Miss H25 910B is a United x H25 which is a half sister to Broker and Steel My Heart. Both heifers are stout, thick, wide based, strong topped and offer balance and style in a powerful package. With the dependable genetics, I would take both. 232F is a January and 232G is a fall born.

Bred AI to Double Bar D Annuity, ASA#3542861 on 6/1/20, Due approx. 3/10/21  
606F is a cow with a solid pedigree on both sides, Valentine on the top and on the bottom Lockdown and Step Up. Don't forget to bid and buy 606F bred to Annuity.

*Consignor* **KENCO CATTLE COMPANY**

6YF is a daughter of the past champion at the AJSA Jr Nationals, LLSF Shimmer. Over the years of sales the Shimmer progeny are always remembered and have sold. The cow passed on bone, power and added muscle and thickness. Many daughters have sold well to Buddy Ogles, Greg Wyant, Ron Gilliland, Tyler Kreger, Hilltop to name just a few. Some years we have sold 4 or 5 daughters. 6YF will calve to ASR Strong Arm.

Bred AI to ASR Strong Arm, ASA#3303671 on 6/12/20  
Confirmed 30 days on 8/2/20, Due approx. 3/31/21
